### Comment from member:

"I have been with GCFCU for well over 10 years and can honestly say it was one of the best things I've done. Recently, I was desperately trying to reduce my credit card balance since the company increased the interest rate to 29.9%. I was paying \$500 per month and getting charged \$250 interest.

I turned to the credit union for their consolidation loan and POOF before I knew it, I was paid off. I cancelled my credit card and couldn't be happier. No matter what challenges I have encountered, the people at GCFCU have always been easy to work with." AS
